Insurance Company  
(if known):

Stay calm, and check if anyone is injured

- If you have been involved in an accident, remain calm and check whether others need assistance.
- Move to the side of the road or somewhere safe, but do not leave the scene.
- Use headlights or hazard lights to alert other drivers/riders and prevent further damage.
- If the accident involves injury, or the vehicles are not able to be driven/ridden, call the police immediately. When the police arrive, give them full details of the accident. Remember, that to arrange your claim we may require a written statement from the police to confirm that you have reported the incident to them.

You should also report the following to the police:

- any malicious damage to **your vehicle**;
- Any theft or attempted theft of **your vehicle**.

#### Collect information

Write down as much information about the other driver/rider as you can, including:

- name and address;
- telephone number;
- licence number;
- registration number;
- Their insurance company.

Also, collect any names, addresses and numbers of independent witnesses.
